Irish News.
[From late Irish Papers.]
The murder near Castlereagh—Particulars have been received respecting the murder of Mr. James Young, J. P., near Castlereagh, County Roscommon. It appears that Mr. Young left home on Saturday at midday for the purpose of being, of attending market, and at half-past two his dead body was found by some members of his own family in the avenue leading to his house. He had been shot through the back, and afterwards through the face. Mr. Young came into possession of his estates in 1843, on the death of his father, who had been frequently threatened during the minority of Mr. Young. Portion of the estate was allowed to get into the hands of squatters, and it is believed the present outrage arose out of Mr. Young's dealings with them. He had been fired at some time ago. Mr. Young was married, and leaves a widow and eight children, the eldest of whom is only twelve years. It is feared there is little chance of bringing the murderer to justice.

The Lord Lieutenant of Ireland, attended by Col. F. Forster, Dr. G. W. Hatchell, and Captain Walter Campbell, A. D. on Sunday, August 6, 1871. Plaintiff was at the time one of the editors of the Irishman, and the defendant was Chief Secretary for Ireland, and in that capacity directed that the meeting should be prevented. It is expected that the case will not be argued at any rate sooner than February next.

The Battle of the Home Rulers Continues—Mr. Butt has replied to Mr. Parnell's complaints, which he characterizes as "little short of sheer absurdity," and declines to discuss the charges brought against himself, as Mr. Parnell has had ample opportunity of bringing them under the notice of "the Party," but has never done so. Mr. Parnell being thus in somewhat deep water, his friend, Mr. Joseph Biggar, comes panting to his rescue, and pounds Mr. Butt in another long letter. He denies that he has pursued an obstructive policy. He would not, Mr. Butt is assumed to use the word "vigour" in reference to his Parliamentary policy—Mr. Biggar and Mr. Parnell being the sole possessors of virility in the Home Rule ranks! Mr. Biggar has almost as supreme a contempt for Mr. Butt as he expresses for Sir M. H. Booth—any answer from whom, he thinks, counts for nothing. "When," triumphantly adds Mr. Biggar, "Sir M. Hicks-Beach went to Ireland he was hopelessly ignorant of Irish affairs, and he is so vain and self-sufficient that he never tries to learn. He invariably opposes what is good and supports what is bad." Alas, then, is hopeless for the Home Rule, unless Messrs. Parnell and Biggar be appointed its joint leaders. They would soon make the atmosphere of the House of Commons so hot that the other members would be glad to send them home to form a little Irish Parliament for themselves.

WASHINGTON.
SPECIAL TO THE STAR.
SOUTHERN AND WESTERN CONFERENCE.
WASHINGTON, June 27.—We are indebted to the hot weather and the departure of the President and half the Cabinet for a new mare's nest of large dimensions. This is nothing less than a caucus of Southern and Western Democratic Congressmen, headed by Cox, Morrison, Blackburn and others, who are to converse shortly at the White Sulphur Springs. The conference is to be during the last half of July, and Hayes is to be on hand.

THEY DON'T WANT SITTING BULL.
It is not deemed probable that any speedy action will be taken either by the United States or by the British Government in the matter of the presence of Sitting Bull and his followers in the Dominion of Canada. These Indians are supposed to number some three or four thousand, and they are generally in a peaceful and unarmed condition. Their destitution makes it necessary to feed them or take the chances of their committing thefts and depredations upon the settlers and frontier tribes. Some excitement has already been produced, by their presence, upon the Blackfoot Indians, who have heretofore been regarded by England as a very peaceful tribe. In addition to this, there is always danger that these Indians may be supplied with arms and ammunition for a fresh foray into the United States by unscrupulous persons in Canada, just as they were supplied by similar persons when living in the United States territory. Under these circumstances the Dominion of Canada, which is anxious to keep on good terms with the United States, to avoid any possible complication, is very anxious to get rid of these Indians, and Lord Dufferin has, through the British Legation, called the attention of the American Government here to the subject. The question is now undergoing investigation by the proper United States authorities, but it is very hard to suggest any possible plan by which the matter can be arranged. The Canadian Government does not appear to have suggested any mode of proceeding in order to transfer Sitting Bull to his native haunts.

SECRETARY THOMPSON'S POLICY.
The circular of Secretary Thompson, directing that laborers shall be employed in the Navy-yards with reference to skill and efficiency, and that none be discharged for political opinions, is simply carrying out the policy which the Secretary unfolded to the Hon. John Goodloe, of Virginia, some months ago, when the gentleman represented to him the practices which had existed in the Norfolk Navy-yard.

Mr. Thompson is apparently a different man from the Morton stripe of politicians, with whom the Government officers are mere party agencies. He does not believe in farming out or jobbing the Government work to pet contractors. He is now building three Government ships at the Government Navy-yards here and at Norfolk, and says he can build them as cheaply as at a private yard, and will have much more efficient and serviceable ships.

CITIZENS' MEETING THIS MORNING.
At 11 o'clock this morning the adjourned meeting presided over yesterday by Mr. Peter met as by appointment at the Grand Hotel. The attendance was not as good as it was yesterday. Mr. Peter called the meeting to order, when Mr. B. A. Thomas was appointed Secretary. The Committee on Resolutions being called on for a report, Mr. Wm. Pugh stepped forward and read the following:

"Whereas, The Executive Committee of the Democratic party of Hamilton County, Ohio, at its session of June 23, 1877, adopted a resolution that the Executive Committee of each precinct should designate a suitable person to represent the Democrats of such precincts in the State Convention for the nomination of a State Ticket; and

"Whereas, There were but thirty-nine out of eighty-five of said Committee present at said meeting, and only twenty-one of said members voted for the measure, the opinions of a large number of the Democratic party of this county were not represented in said action; therefore, be it resolved by this meeting:

"1. That we recognize to the fullest extent the belief of the members of the Committee that, by their action, they were inaugurating a reform in the manner of electing delegates, and that they were prompted by a desire to promote the cause of Democracy, yet we regard the plan indicated as being opposed to the wishes of the people.

"2. In the name of the Democracy and in the interests of the Democrats of Hamilton County we protest against such action of the Committee as undemocratic, ill-advised and destructive of the best interests of the party.

"3. That the selection of delegates in the manner adopted at that meeting is a departure from the well established and time-honored customs of the party, and is a disfranchisement of the voters, and a denial of the rights of the people, from whom the Committee derives its existence. This Executive Committee is the servant, not the master, of the constituents that created it.

"4. Should the Committee be permitted to carry out this proposed plan, a baneful precedent will be established, and it will result in evils greater than any it is intended to cure.

"5. That we respectfully but earnestly request the Executive Committee to rescind their action; and, in order to promote peace and harmony in our ranks, we recommend that the election of delegates in accordance with the requirements of the Baber Law.

"6. The Committee failing to rescind their action, we recommend that the Democracy of this county assemble in their respective wards and precincts, and elect three delegates to the State Convention in the customary manner, and that the delegation so elected shall appeal to the Democracy of the State in Convention assembled at Columbus, Ohio, and that they will be admitted and approved as the true and only representatives of the Democracy of Hamilton County.

"Respectfully submitted,
"WM. H. PUGH,
"B. A. THOMAS,
"N. LORD,
"FRED. BENNINGER,
"JACKSON M. NOBLE."

The resolutions were received with slight applause and were adopted with only a motion of Mr. J. C. Beck, which was unanimously amended by a motion of Mr. Peter, the Committee on Resolutions were directed to transmit the same to the County Executive Committee, which met at noon to-day.

Adjourned to meet again at 1 P. M.

The above gathering was very tame in comparison with the previous one, and business was dispatched in a business-like way.

THE COMMITTEE MEETING.
At ten minutes past 12 o'clock Mr. Isaac J. Miller, President of the Democratic Executive Committee, took up the gavel, and quiet being restored, the roll was called, when thirty-six members were found to be present.

On motion, a recess of ten minutes was taken to await the arrival of other members.

A second call of the roll at the end of the ten minutes showed that forty-eight members were on deck.

Mr. O'Neil stated that Mr. Pat. Kelley, of the Fifth Ward, had not been present at a meeting of the Committee for several consecutive meetings. That clerk Joe Seitz's records, Mr. Miller declared his place vacant.

Two names of Mr. John Madden and Mr. William D. Wiling were put in nomination to fill the vacancy. Mr. Madden was elected, the vote standing: Madden, 32; Dowling, 8.

There being a vacancy in the Second Precinct of the Eleventh Ward, occasioned by the death of Mr. Peter Becker, Mr. Charles Auscum was elected in his stead.

Mr. G. A. Peter, who had previously acted as a communication (being the only one adopted at the citizens' meeting this morning), desired that it be read. It was laid over to hear a statement from Chairman Miller.

His statement was to the effect that the Committee on Resolutions, as regards executive sessions, he claimed that the body, being an executive body, they had a perfect right to deliberate with closed doors. In reference to his decision rendered at the previous meeting, wherein he decided that a vote to reconsider the action making the appointments by the Committee instead of primary meetings, was sustained by Parliamentary usage, "I am," said he, "in favor of no ring or clique. I have never sought office but once; I was beaten then, and that fixed the measure of my ambition. I want no office, either elective or appointive; nor am I in favor of any particular man for Governor or Senator. My aim is to work for the good of the party. I have not been against any of the candidates, nor am I now. I was unanimously elected to the office of Chairman of this

Committee. I did not seek it; none of you can say that I asked your vote. The campaign last fall was a long and earnest one, but I can not say that I was personally benefited in any way. In regard to the resolutions which I introduced at the meeting which has raised so much talk, and as to the action of excluding proxies, both measures were adopted by a vote almost 6 to 1."

At the conclusion of Mr. Miller's little statement, Mr. Peter's communication was taken up. The paper was a request from the Committee on Resolutions that they might be allowed to enter as a committee of Democrats of Hamilton County to present the resolutions drafted at the meeting this morning.

Judge Saffi, pending a vote on the motion admitting them, wanted to know if the regularly elected Executive Committee was not the true representative of Hamilton County Democracy. No action was taken on the motion to admit the Committee on Resolutions.

Mr. Simon Greenbaum moved that all action be taken on the resolutions adopted on the 23d inst. (that is, the election of fifty-nine delegates to-day) be suspended. The yeas and nays being called for, resulted: Yeas 23, nays 18.

A vote on a motion to adjourn resulted: Yeas 21, nays 27.

On motion of Mr. Noble, the Chair appointed a committee of five to apportion the delegates, and to fix the time of holding the election under the Baber Law. The committee is as follows:

A. J. Noble, Chairman; D. S. Hensbrook, M. Costello, Simon Wolstein and Masters. President Miller was subsequently added to the above committee.

The resignation of Mr. Phil. Dowling, of the Tenth Ward, was received and accepted and Mr. L. A. Daum was elected to fill the vacancy.

The following communication from the County Clerk was read:

"CINCINNATI, June 26.
"To the Chairman and members of the Democratic County Executive Committee:
"GENTLEMEN—In an interview this morning's Commercial, statements that I made concerning the action of your Committee on last Saturday, are entirely in accordance with the sentiments expressed by me.

"I do not desire to be understood as making charges against Mr. Miller, nor do I know anything of my own personal knowledge of any plots or plans contrived by him in the interests of any particular person to be voted for at the coming State Convention, but I do say in the offering of his proposition, Mr. Miller should have at least requested that action be deferred for at least one week, giving the executives ample time to deliberate, so that they could vote with intelligence, and especially when the fact was known that over one-half of the Committee were absent, depriving them of their right to be heard upon so important a subject.

"The Democrats of my ward undoubtedly have their choice for a candidate to represent them in Convention to be instructed on the issue can only be made at the ballot-box.

Very Respectfully,
"LEWIS G. BERNARD"

The communication was received and filed, after which the Committee adjourned, everybody feeling good over the reconciliation of all past differences.

Proceedings This Morning in the Ludlow Murder Case.

John Berry, fireman on the Southern Road, testified that he knew Ashbury Hamilton, and would not believe him under oath.

Cross-examined—Have known Hamilton four or five months; met him once or twice a month; he and his family boarded with me; his wife acted so badly I had to put them out. The hands on the road talked badly about him.

Edward D. Burge was sworn and testified—Lived in Indiana; am connected with the Cincinnati Southern Railroad; have a slight acquaintance with Hamilton; he came on my train as a laborer last fall; his reputation for truth, veracity and honesty is not good.

Edwin Von was called and said—I was in the bar-room at the time of the last shot; Wm. Turner, Chas. Masten and Grace Jenkins, &c., were there a minute before; Masten was drawing the screen to one side; saw him at the corner of Elm and Kenner streets a few minutes after the shooting; Mrs. Ochsner called to her husband just before the shot; she told him to shut the door, and called "you dog" while lying on the bed after he had been shot. "What is there what do they want with you?" she said, "Charley, my love, Masten has shot you."

Cross Examination—It was not over one minute after the shot when Masten moved the screen.

The defense closed. The prosecution introduced Chas. Eiden, who testified that he saw Henry Jenkins standing at the side of the window with a gun. An attachment was issued for Henry Jenkins. Adjourned until 2:30 P. M.

Attempt at Suicide.
About 3 o'clock this morning Police-men Moran and McAnley noticed a man walking suspiciously along the Vine-street bridge which spans the canal. A few minutes later they saw him make a plunge into the water below, and only by their almost superhuman efforts were they able to save the man from a watery grave.

The name of the would-be suicide is John Franz. He says he is a cousin to Mr. Fra z, the druggist. He was taken to the Ninth-street Police Station for safe keeping until the arrival of his friends. Up to noon, however, no one had called for him.

Fra z seems to be out of his mind, though at times he talks quite reasonably. The causes for his act were that he was despondent, tired of life, out of money, without friends and without employment.

The Zoo Zoo on the Fourth.
